Education

University of Maryland Global Campus

January 2018 – May 2020

Bachelor of Science in Cyber Security, Minor in Networking

Anne Arundel Community College

Arnold, MD

August 2015 - January 2018

Associate of Applied Science, Information Assurance and Cyber Security

Projects

Risk Assessment Case Study

November 2019 – December 2019

Analyzed an organization's security policy, assets, and procedures in order to address the security issues and provide feedback that would result in improved security architecture, policy, and asset security.

Cybersecurity Threat Landscape (Group Project)

August 2019 – September 2019

Research group assignment that included data of advances from both sides of the cyber spectrum (attackers/defender) which included techniques, technologies, threat vectors, and the 2018 cyber landscape.

Cisco Network Design

October 2018 – December 2018

Designed and created a working network using diagrams and realistic routing logic. Utilized Cisco hardware in order to simulate the network using the Cisco command line interface and routing protocols.
